Curated Gifts for the Holidays— & Why I Chose Them for You!

Over the last 10 years, it has been my passion to seek out truly special objects for you. Being dogged and intrepid curators, we don't buy from a catalog or a sales rep. We select treasures we'd love in our own homes.

UNIQUE WAYS TO GIVE AT JULIENNE

Gift Baskets for Anyone & Everyone!

Cello-wrapped with a festive gold bow and Julienne hangtag ready for your personal message. The base is a plastic tray with Golden holiday Fluff—OR choose either a holiday themed placemat or book to serve as the base for an added \$15.00. You can add extras like a Julienne Gift Card, Bubbly, or more of anything!

Pannetonne & Nougat Cakes

From Italy. Traditional holiday sweets that always bring a smile. May we recommend panettone for French toast—reportedly a favorite of Italian Master of Taste Georgia Armani. Gluten-free also available. The Nougat Cakes are wildly popular—a little goes a long way! We offer 5 flavors of individually wrapped pieces.

Lacquered Trays

From USA. For cocktail hour, as a vanity tray, or for breakfast in bed—I value the versatility of anything!

Boxed Cocktail Napkins with Holiday Motifs

Not your usual paper napkin—high-quality paper linen with hand applied holiday quote. Made by Caspari. Fun Hostess gift or treat for you!

Embroidered Linen Guest Towels with Holiday Theme

From Ukraine. Made with the purpose of women helping women—sustaining the craft of fine embroidery, craftsmanship & entrepreneurship. Really cute cocktail napkins in a linen pouch—great stocking stuffer.

Boxed All-Natural Scented Candles

Hand-poured and made locally in LA by individuals with learning disabilities. Toxic free, non-gmo, sustainable coconut wax blend, lead-free cotton wick, essential oils provide wonderful fragrances!

Holiday Décor

Get in the mood! Wreaths, icy trees, wood nutcrackers, Santa's, angels. For your, kids, hostess & any time an appreciation gift is warranted.

Sexy Champagne Coupes

From Poland. No sexier way to sip Francicorte than with these handmade coupes. We also carry the most delicious Fraciacorta, speaking of which...

Bubbly!

For any budget, any occasion—bubbly from Italy & France. Try Fraciacorta: a wine gem that's just waiting to be widely discovered. It is a world-class metodo classico, or bottle-fermented, sparkler, it boasts pedigree and style, yet remains largely unknown outside of Italy. I happily discovered this on a recent trip and immediately tracked it down for us all to enjoy!

Botanical Room Diffusers

Hand infused with bits of botanicals. Gorgeous scents including Cranberry Oak Moss, Bay Garland, Forest—each lasting 3-6 months.

Clear Cluster Bead Crystal Necklace

Oh, my! I looked like an Ice Queen when I first put this on! Multi-strand cluster necklace of crystal beads. The perfect Holiday accent! Very light-weight.

Hand-made Bath Bombs, Bath Crystals & Bar Soap

I met the owner almost 10 years ago at a small farmer's market in Mississippi. Boy, how she's grown her business! The products are all hand-made using all-natural, skin-friendly ingredients by women in recovery, individuals with disabilities and people that have not had the opportunities of education. This company's goal is to create an environment of self-dignity where people feel loved and encouraged.
